# Ubertemplate

Automatic generation of SSE annotation template

5. 10. 2018

Methods

- These diagrams are generated from random 50 PDBs in each family

- helices = gray
- β-strands = each sheet has a separate colour

# Lysozyme   1.10.530.40

This should be one sheet.
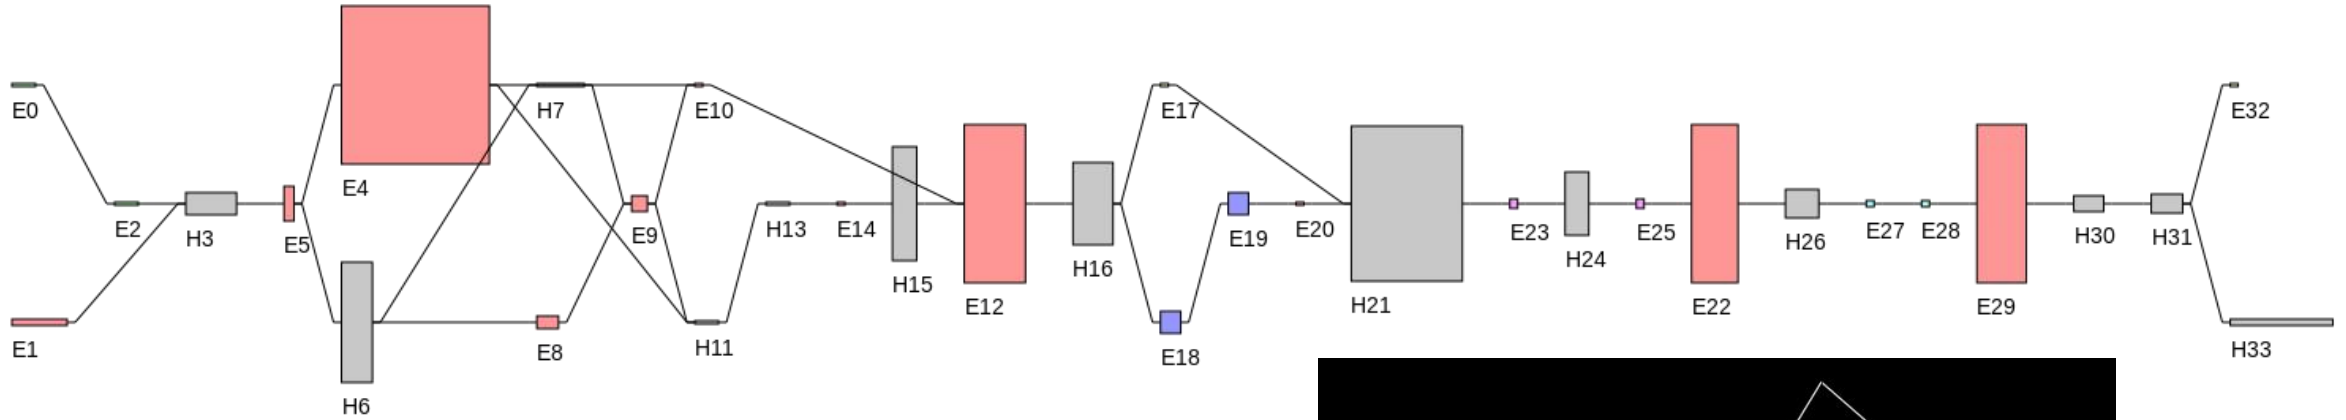

GPCR 1.20.1070.10

Lipocalin (β barrel) 2.40.128.20

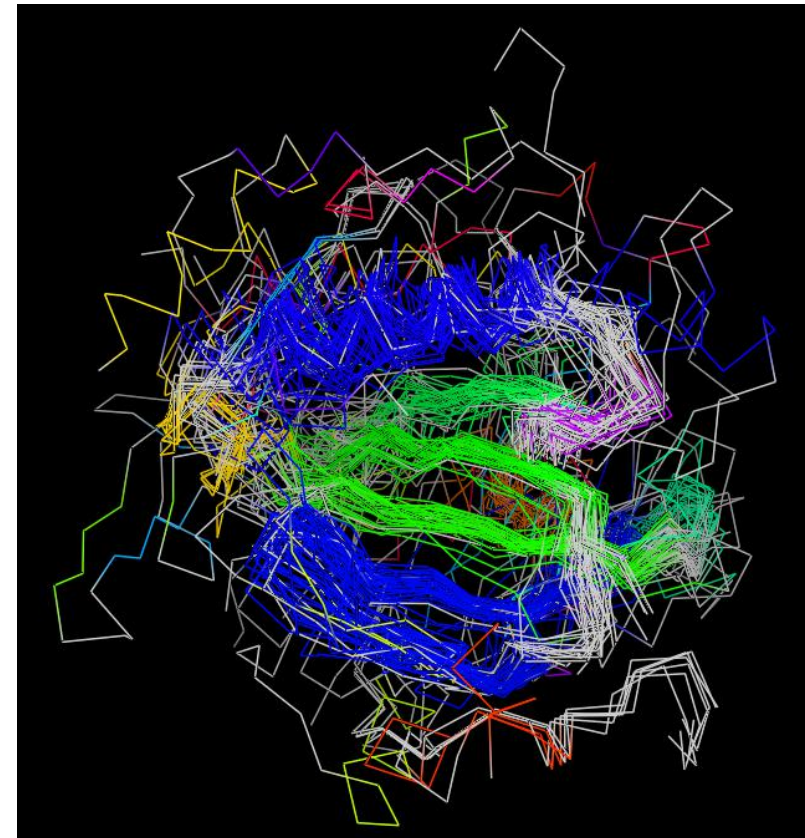

Ordering of β5 - β6?

Protein of Death   3.30.200.20

Where is the 5th strand???

CYPs   1.10.630.10
